From the Vice Chancellor's Desk

It gives me immense pleasure to extend a warm welcome to all aspiring students seeking admission to various programmes at Rajiv Gandhi University (RGU). As the premier central university of Arunachal Pradesh, RGU has consistently strived to meet the academic and developmental needs of the region and the nation. Over the years, the University has made remarkable progress, earning a place among the top 100 universities in India and receiving an 'A' Grade accreditation from NAAC.

RGU continues to expand both in academic depth and infrastructural strength, offering a wide range of undergraduate, postgraduate, diploma, and research programmes through its thirteen (13) Faculties, forty-three (43) Departments, three (03) Institutes and ten (10) Centres offering courses. We are proud to be one of the early adopters of the Choice-Based Credit System (CBCS) and transformative provisions of NEP-2020 allowing students the flexibility to tailor their learning pathways. With 47 affiliated colleges offering courses in diverse fields such as Arts, Commerce, Science, Education, Law, Medicine, Nursing, and Homoeopathy, RGU plays a pivotal role in shaping the future of higher education in Arunachal Pradesh. Our Directorate of Distance Education further enhances access to quality education for learners from all walks of life.

Research is a key strength at RGU, supported by various national and international funding agencies like UGC, DST, DBT, and CSIR. We are proud to have collaborations and Memoranda of Understanding (MoUs) with reputed institutions such as RIHN (Japan), University of Missouri (USA), Semnan University (Iran), IIM Calcutta, NIFTEM, Tezpur University, NERIST, and many more. These partnerships enrich our research environment and create global learning opportunities for our students and faculty.

The University campus is equipped with modern facilities including full Wi-Fi coverage, a state-of-the-art library with RFID-based management, 24/7 medical support, and various student-centric support cells such as the Career Counselling Cell, Community Development Cell, International Scholars' Cell, NSS, NCC, and others. These initiatives foster a safe, inclusive, and skill-driven campus culture.

In line with the National Education Policy (NEP) 2020, RGU is committed to curricular reform and innovation. We have introduced NEP-aligned undergraduate programmes and adopted the Common University Entrance Test (CUET) and NET for admissions to UG, PG and PhD programmes respectively, thereby standardizing and streamlining our academic offerings to enhance employability and societal impact. Additionally, we also conduct RGU Common Entrance Test (RGU CET) for admissions to certain proportion of seats in our Master's Programmes.

As you consider joining the RGU family, rest assured, you will be part of a dynamic, inclusive, and forward-looking academic environment. With dedicated faculty, robust academic infrastructure, and a commitment to holistic development, we aim to nurture responsible, skilled, and socially conscious individuals. I am confident that your journey at RGU will be rewarding and transformative.

I wish all prospective students and scholars the very best in their academic pursuits. Let us work together to shape a brighter future—for yourselves, for the University, and for the society at large.

1.0 INTRODUCTION

Rajiv Gandhi University (formerly Arunachal University) is the premier institution of higher education in the State of Arunachal Pradesh. The University has got academic recognition under section 2(f) from the University Grants Commission (UGC) on 28th March, 1985 and started functioning from 1st April, 1985. It has got financial recognition under Section 12-B of the UGC on 25th March, 1994. The University was converted in to a Central University by an Act of Parliament of India, The Rajiv Gandhi University Act, 2006 No.8 of 2007 w.e.f. 09/04/2007.

The university has expanded both vertically and horizontally by starting new departments and augmenting facilities to cater to the needs of the native communities of the state, the marginalized and the disempowered, while not losing sight of the national goals and priorities. The university can take pride in its alumni in the state and central government services and in various institutions, industries and organizations across the country.

Years of concerted efforts have shown the signs of qualitative and quantitative progress. The percentage of the students clearing the NET/SLET and other national tests like RGNF (NFSC), INSPIRE, etc. is fairly high. Success rates in accomplishing higher level positions in Government employment is fairly high. Many are engaged in private entrepreneurship and social welfare activities.

Rajiv Gandhi University aspires to be India's most vibrant, energetic, responsive and acclaimed University, to be recognized for excellence in teaching, research and providing the highest quality educational opportunities for the learners of all communities. The University aims at nurturing their talent by promoting intellectual growth to shape their personality and serve humanity as multi-skilled, socially responsible, creative, adaptable, contributing and morally sound global citizens.

2.0 INFORMATION ABOUT ADMISSION

RGU's mission is to provide opportunities and support students from diverse background and assist them to become well-informed global citizens by developing their intellectual, moral, civic and creative capacities to the fullest through multi-faceted education and sustained engagement with local, national and global communities. The University also aims to carry out academic process for achieving excellence through active and dynamic student-teacher participation and inculcate high moral, ethical and professional standards among students which will enable them to develop knowledge and skills necessary to achieve their professional goals so as to improve the performance and also provide leadership and service to the community.

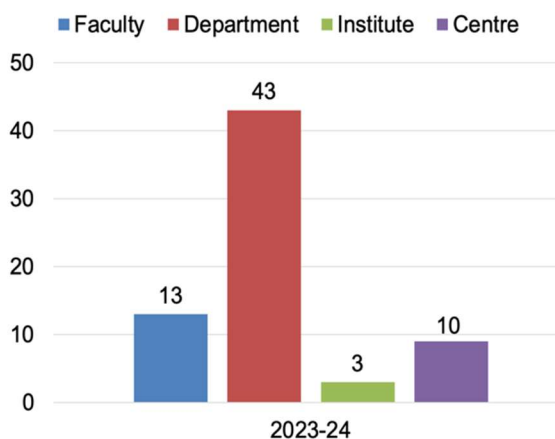

University has implemented NHEQF and NCrf based curriculum framework in all its academic programmes as per NEP-2020. Rajiv Gandhi University admission processes is covered through (i) external test-based system viz. CUET-UG marks for under graduate programmes with 10+2 eligibility, CUET-PG marks Post Graduate and Diploma programmes, UGC/CSIR-NET marks for PhD programmes, NCTE-marks for ITEP programmes and (ii) RGUCET based marks for 80 percent of seats available for PG level programmes offered. Irrespective to the mode of entry/admission to the university academic programmes are based on merit and existing guidelines.

As the admission to RGU transcends political and institutional boundaries, the students while admitting themselves should submit their original 'College Leaving Certificate/Migration Certificate' to the departments/institutes concerned compulsorily or within a specified period.
