**Information on provisionally admitted Lok Sabha Starred/ Unstarred
Question Dy. No. 332.**

Sl. No.	Question	Reply
(a)	Whether the Government is aware that sports facilities are inadequate in the campus of Central Universities;	The Government is aware that sports facilities in many Central Universities, including Rajiv Gandhi University (RGU), are inadequate. RGU, despite being one of the oldest universities in the North-Eastern region, lacks essential sports infrastructure. Multiple proposals have been submitted to the University Grants Commission (UGC) for funding infrastructure development, but the expected results have not materialized.
(b)	Whether the Government has any plans or schemes to ensure that the sports needs of students in Central Universities are met effectively, if not, the reason therefor;	To address the sports needs of students in Central Universities, the Government, through various schemes and initiatives, aims to improve sports infrastructure and opportunities. Notable schemes include: <ol style="list-style-type: none"> 1. Khelo India Scheme (Ministry of Youth Affairs and Sports): Focuses on creating a vibrant sports culture and infrastructure development at the grassroots level. 2. Sports Authority of India (SAI) - Infrastructure Development Scheme: Provides funding and technical expertise for creating modern sports facilities. 3. National Sports Federations (NSFs) and Indian Olympic Association (IOA): Support talent identification and facility enhancement. 4. State Government Initiatives: Collaborative efforts with State Governments for regional infrastructure development. 5. CSR Initiatives and PPP Models: Encouraging corporate and private sector investment in sports facilities. 6. Specialized Funds: <ul style="list-style-type: none"> o National Sports Development Fund (NSDF) o Sports Infrastructure Fund (SIF)

		<ul style="list-style-type: none"> ○ Rashtriya Khel Protsahan Puruskar (RKPP) ○ Ministry of AYUSH for yoga and wellness centers. <p>Despite these initiatives, RGU and other Central Universities still face challenges in achieving comprehensive sports infrastructure development due to delays in fund allocation, lack of targeted programs, and regional accessibility issues.</p>
(c)	Whether there are any ongoing or upcoming projects aimed at addressing these infrastructure needs, particularly many complaints regarding the shortage of sports facilities in some institutions, such as Central University of Kerala State; and	Specific to ongoing projects, complaints regarding infrastructure inadequacies have been noted in institutions like the Central University of Kerala and RGU. In Arunachal Pradesh, a new Student Activity Center, under construction by the Urban Department for the past six years, has yet to be handed over to RGU, further delaying the resolution of infrastructure gaps.
(d)	If so, the details thereof?	<p>To address these challenges effectively, there is a critical need for dedicated infrastructure development at RGU, including:</p> <ol style="list-style-type: none"> 1. A multi-purpose stadium for athletics and other outdoor sports. 2. Indoor sports complexes for volleyball, basketball, badminton, and table tennis. 3. A synthetic athletic track and an Olympic-standard swimming pool. 4. Facilities for hockey and cricket, including stadiums. 5. Modernizing existing infrastructure for inclusive sports participation. <p>Therefore, immediate attention to fund allocation and project execution is essential to meet the growing sports demands of students in Central Universities like RGU. A coordinated effort involving UGC, Ministry of Education, State Governments, and private entities is vital to bridge these gaps.</p>
